PROFILE

I am a motivated Software Engineering undergraduate at SLIIT City University, affiliated with the University of Bedfordshire, UK, with strong skills in web development and UI design patterns. I am experienced in Next.js, React, CSS, Tailwind, Typescript and MongoDB gained through academic and hobby projects. I work well in teams, take leadership when needed, focus on delivering quality results and I like challenges. I aim to combine my technical and creative abilities to grow in the IT industry for the betterment of the humanity.

PROJECTS
